leave the beaten path to make travel dreams come true

Are you up for a rally-like tour? As we'll be leaving the public roads behind us, this means you'll have to buckle up and work 'hard' behind the wheel every once in a while. Be prepared for an unforgettable experience!

All our expeditions are comprised of highlights only. Not just as far as experiences go, but that includes the route and challenges as well. You will return home with a suitcase filled with priceless travel memories and new skills.

Experience the freedom of independence join our expeditions with a Bliss Mobil rental truck

unique travel concept

After successful Bliss Mobil expeditions in Northern Africa, Southern Africa and Scandinavia, Bliss Mobil and Overland Travel have once again combined their knowledge, experience and specialism to introduce a unique travel concept: adventurous expeditions with a rental vehicle.

During our expeditions with a rental truck you make your own journey, but you also benefit from the pleasure and convenience of traveling in a small group, with an experienced guide.

Feel. Smell. Taste. See.
**Experience the freedom
of independence.**

morocco expedition

Do you dream of an adventure, with the comforts of home? Experience the freedom of independence with a Bliss Mobil rental expedition truck. Join our adventurous Bliss Mobil Morocco self-drive expedition with an endless number of challenges, highlights and unforgettable moments.

The unique character of our expeditions makes it unlike any other journey you have experienced! And no travel, offroad or driving experience is required.

home away from home

For this Morocco expedition there will be a limited number of rental expedition trucks available with a 13 Foot High Bed Bliss Mobil unit presented on a well-equipped Mercedes-Benz Atego 1018 4x4; extremely suitable for remote and independent travel.

get a taste of the benefits

In short, the expedition trucks are a perfect solution for those who want to get a taste of the many benefits of the high quality units and expeditions, without any obligations or logistical hassle.

This way you can make the best use of your sparse vacation days and are able to visit remote areas you won't be able to visit on your own. The only thing we expect from you, is to enjoy this unique adventure.

With a Bliss Mobil rental expedition truck everyone can now realize their travel dreams. Carefree.

accommodation

You will spend all nights in your Bliss Mobil unit at the most unique locations.

THE ADVENTURE:

Let's
explore
Morocco

Put your expedition truck in first gear. Pack your swimsuit and shovel. Not to build sandcastles... Let's conquer some dunes! We do not only visit, but deeply explore Morocco. Prepare yourself for a memorable travel experience: meet other adventurers, improve your off-road driving skills under the guidance of a professional rally driver and let yourself be enchanted by Morocco.

This expedition consists of highlights: from the Atlas Mountains to magical Marrakech, impressive sand dunes, salt flats and the famous Plage Blanche.

During an unforgettable travel experience you will enjoy the country, but you also get the opportunity to learn how to be a (even) better Bliss Mobil driver. An experienced guide will teach you about off-road techniques, trail ribbon, using recovery boards/sand boards and optimizing tire pressure to conquer the dunes. Who is the first to get stuck?

Be surprised by the diversity of Morocco. Every few hours you'll drive through a different environment and we sleep under the stars: on the beach, in the dunes, on the salt flat, near to an oasis and in small villages. Beautiful views and freedom guaranteed!

the adventure

We'll start our trip in Marrakech and finish in Tan Tan (expedition 1 & 3). Or start in Tan Tan and finish the expedition in Marrakech (expedition 2 & 4).

On arrival we will be there in the morning to hand over the keys of the Bliss Mobil and to start our training and explain you how your Bliss Mobil works. This explanation and training is very important to get the most out of the expedition truck and the journey.

All we expect from you is to be at the starting location on time and to arrange your flights. If you want to spend some extra time in Morocco the days after or prior to the expedition, you can of course always arrange this in consultation with Overland Travel.

intensity

The actual intensity of the trip will partly be determined by factors like weather conditions and physical condition. The adventure demands a lot of man and machine. A healthy body and mind, as well as a well-prepared vehicle ensure that you will be able to enjoy this trip to the fullest.

The travel pace guarantees that a sufficient number of sights can be visited.

The expedition has been planned in such a way that daily travel distances can be covered in a half-day, except on a number of days where more kilometres will be covered.

travel guides

Overland Travel has over 10 years of experience in planning, organizing and guiding the most adventurous trips imaginable.

The professional guides have above-average technical knowledge and have had first aid training. As expected from a professional travel company, we also have all required tools always at hand.

pricing

The price of €12.945 per Bliss Mobil truck is based on two people per team.

All customers are required to pay a €15.000 rental deposit.

50% of the total travel sum must be paid upon registration. The total travel sum, including any additions such as extra participants, extra nights or additional wishes, must be paid 2 months before departure.

“Go on your dream
adventure with a Bliss
Mobil expedition truck.”

your rental expedition truck

This adventure is geared toward drivers of the Bliss Mobil rental expedition truck, a Mercedes Atego 1018 4x4, 13 foot high bed type 4 unit.

convoy

During the expedition we will have to drive as one convoy a number of times. Think of departure and arrival, but also in difficult offroad terrain. That's exactly why we do these expeditions in small groups. This way we can help each other with challenging passages and any recovery (if needed). That makes it possible to get to beautiful places where you won't go alone.

In many cases you can decide yourself whether you would like to travel independently (based on coordinates) or will join us/the other adventurers. At the end of each day you will meet each other at the bivak/campsite for the night. Of course, you will also meet regularly en route. Support and help is always nearby.

navigation

You navigate by using the road book and the navigation system that we have provided, in which all the waypoints of the expedition are saved.

passport and visa

For residents of the EU a visa is not required for Morocco. If you are a resident of another country, please contact Overland Travel. We will gladly assist you with the visa application if desired.

register for the expedition

Fill in the registration form to join the Bliss Mobil Morocco Expedition with a rental expedition truck. Send the registration form to rental@blissmobil.com to be sure that a truck will soon be waiting for you in Morocco.

Feel free to contact us if you have any question. You can reach us by phone (+31 578 700 277) or e-mail (rental@blissmobil.com).

ready for adventure

After registration you will receive an extensive preparation package with an expedition manual and several checklists to prepare for the expedition.

We will of course train you on site in the use of the Bliss Mobil expedition truck. You can also always count on our back-up and support on the road to make your adventurous off-road trip an unforgettable experience.

Enjoy and let us take care of everything! That is one of the benefits of an expedition with a rental expedition truck.
