2).

Finish in Marrakech (Morocco) on:
the 20th of October 2019 (expedition 1) or the 17th of November 2019
(expedition 2).

16 travel days

2 countries to be visited during the trip

A maximum of 8 participating teams

INTENSITY OF THE ADVENTURE

The actual intensity of the trip will partly be determined by factors like weather conditions and physical condition. The adventure demands a lot of man and machine. A healthy body and mind, as well as a well-prepared vehicle ensure that you will be able to enjoy this trip to the fullest. The travel pace guarantees that a sufficient number of sights can be visited. Of course, rest days are also taken into account. The expedition has been planned in such a way that daily travel distances can be covered in a half-day, except on a number of days where more kilometres will be covered.

TRAVEL GUIDES

Overland Travel has over 8 years of experience in planning, organizing and guiding the most adventurous trips imaginable. The professional guides have above-average technical knowledge and have had first aid training. Local guides that accompany us offer support at border crossings, excursions and the possibility of communicating with the local population.

CHOICE OF VEHICLE

This adventure is geared toward drivers of 4x4, 6x6 and 8x8 Bliss Mobil trucks.

ACCOMMODATION

You will spend the night in your Bliss Mobil unit at the most unique locations.

DRIVING AS A CONVOY

During this trip we will have to drive as one convoy a number of times. Think of departure, arrival and just before border crossings, but also in difficult offroad terrain. In many cases you can decide yourself whether you would like to travel independently (based on coordinates) or will join us/the other adventurers. At the end of each day you will meet each other at the accommodation/location for the night. Of course, you will also meet regularly en route. Support and help is always nearby.

COMMUNICATION

In general, mobile telephone coverage is reasonable to good. Our travel guides are equipped with a satellite Garmin inReach so they so that you can always get in contact. As a participant you can choose to take a similar device with you yourself. Overland Travel can provide you with the right device. A VHF radio makes communication between vehicles possible in an easy way. Ask Overland Travel for the best device recommendations.

NAVIGATION

You navigate by using the road book and the maps supplied. In addition, you can choose to navigate by GPS. Garmin devices are most suited, for example the GPSMAP 276cx. You can also use navigation apps on your telephone and/or tablet. Skout and Skobbler, available in the app store, are the navigation apps Overland Travel mostly uses.

PASSPORT AND VISAS

After the Bliss Mobil Morocco Expedition 2019 your passport must be valid for another 6 months. For adventurers from outside the EU: inform at Overland Travel. US Citizens don't need a visa.

TRAVEL VACCINES

Various vaccines are recommended for this expedition. Check with your own doctor which travel vaccines are recommended at the moment. In many cases (full or partial) compensation by your health insurance is possible.

EXCEPTIONAL CASES

Of course, you must make sure to travel well insured. This applies to both your health and vehicle insurance. If you cannot continue your trip due to technical or medical problems, Overland Travel will assist wherever possible with repatriation.

SHIPPING

Overland Travel has the contacts and relations to take care of the arrangements when it comes to shipping. Meaning we can facilitate and coordinate so that you can fully enjoy the journey. Transport proposals are always tailor-made, based on your vehicle and wishes. You will receive a estimated price of the shipping services to your desired destination beforehand.
