## leave the beaten path; make travel dreams come true

Iceland is a destination that is at the top of many's bucket list. It's an amazing country where you can responsibly go on an adventure with a Bliss Mobil expedition truck during the summer of 2021.

Get an idea of what our expeditions are all about and watch the videos at [www.overland.travel/video](http://www.overland.travel/video).

# Experience the freedom of independence join our expeditions with a Bliss Mobil rental truck

The best way to experience the real Iceland and enjoy the breathtaking scenery is to drive through it at your own pace. From active volcanoes and hot springs to wild waterfalls, black sand beaches, impressive glaciers, glacier rivers, ice caves and of course the particularly long days... Iceland is breathtaking and unlike any other country.

In addition, our way of traveling is perfect for exploring the island in summer: adventurous and completely self-sufficient.

## unique travel concept

After successful Bliss Mobil expeditions in Northern Africa, Southern Africa and Scandinavia, Bliss Mobil and Overland Travel have once again combined their knowledge, experience and specialism to introduce a unique product: adventurous expeditions with a rental vehicle.

During our expeditions with a rental truck you make your own journey, but you also benefit from the pleasure and convenience of traveling in a small group, with an experienced guide.

## home away from home

Do you dream of an adventure, with the comforts of home? Experience the freedom of independence with a Bliss Mobil rental expedition truck. Join our adventurous Bliss Mobil Iceland self-drive Expedition with an endless number of challenges, highlights and unforgettable moments.

For this Iceland expedition will be a limited number of rental expedition trucks available with a 13 Foot High Bed Bliss Mobil unit presented on a well-equipped Mercedes-Benz Atego 1018 4x4; extremely suitable for remote and independent travel.

## get a taste of the benefits

The unique character of our expeditions makes it unlike any other journey you have experienced! And no travel, offroad or driving experience is required.

In short, the expedition trucks are a perfect solution for those who want to get a taste of the many benefits of the high quality units and expeditions, without any obligations or logistical hassle.

This way you can make the best use of your sparse vacation days and are able to visit remote areas you won't be able to visit on your own. The only thing we expect from you, is to enjoy this unique adventure.

**Feel. Smell. Taste. See.**   
**Experience the freedom of independence.**

## icelandic adventure

In your **'home away from home'** (and with a small group of travel companions) you'll travel deep into the dramatic inland of Iceland. We'll avoid the touristic Ring Road and Golden Circle, and even the asphalt, as much as possible.

During this adventure you will **leave the beaten path** and **overcome difficult (off-road) routes**. We'll visit locals' favorite secluded spots - which can only be reached by **4x4 vehicles** a few months a year - and travel through black deserts, deep and challenging river crossings and rugged, varying weather conditions.

Of course it is not just hard work behind the wheel. You'll also make the most **fantastic memories** outside of the expedition truck. For example, think of hiking through the dramatic landscape, enjoying the Icelandic kitchen and bathing in the thermal baths.

On arrival we will be there to hand over the keys of the Bliss Mobil and to start our training/explanation to show you how your Bliss Mobil works. This explanation and training is very important to get the most out of the expedition truck and the journey.

All we expect from you, is to be at the starting location in time and to enjoy the ride!

## intensity

No experience is required for this expedition, only a C1 driving license (7.500 kg). The actual intensity of the trip will partly be determined by factors like weather conditions and physical condition. The adventure demands a lot of man and machine. A healthy body and mind, as well as a well-prepared vehicle ensure that you will be able to enjoy this trip to the fullest.

The travel pace guarantees that a sufficient number of sights can be visited. The expedition has been planned in such a way that most of the daily travel distances can be covered in a half-day.

## travel guides

Overland Travel has over 10 years of experience in planning, organizing and guiding the most adventurous trips imaginable. The professional guides have above-average technical knowledge and have had first aid training. As expected from a professional travel company, we also have all required tools always at hand.

**Go on your dream adventure  
with a Bliss Mobil expedition  
truck.**

## pricing

The price of €12.945 per Bliss Mobil truck is based on two people per team, for an expedition of 11 days. All customers are required to pay a € 15,000 rental deposit per team.

## included in the price

- Professional organization: you won't have to worry about a thing
- Bliss Mobil + equipment
- Transport of your vehicle to the starting location
- All overnight stays (at unique locations)
- Third party insurance
- Breakfast and dinner at selected locations
- 24/7 travel guidance, back-up and support
- A number of excursions
- Extensive adventurous roadbook
- Offroad permits and guidance
- A lot of fun and unforgettable adventures

## additional costs

- Flight to/from Iceland
- Fuel + toll
- Damages, use of spare parts and tires
- Meals (except for breakfast and dinner at selected locations)
- Other personal expenses
- Third travel companion

## accommodation

You will spend the night in your Bliss Mobil unit at the most unique locations.

## your rental expedition truck

**This adventure is geared toward explorers that want to join us on an expedition with the Bliss Mobil rental expedition truck: a Mercedes Atego 1018 4x4, 13 foot high bed type 4 unit.**

## convoy and teamwork

During the expedition we will have to drive as one convoy a number of times. Think of departure and arrival, but also in difficult offroad terrain. That's exactly why we do these expeditions in small groups. This way we can help each other with challenging passages and any recovery (if needed). That makes it possible to get to beautiful places where you won't go alone.

In many cases you can decide yourself whether you would like to travel independently (based on coordinates) or will join us/the other adventurers. At the end of each day you will meet each other at the bivak/campsite for the night. Of course, you will also meet regularly en route. Support and help is always nearby.

## navigation

You navigate by using the road book and the navigation system that we have provided, in which all the waypoints of the expedition are saved.

## passport and visa

As a resident of the EU you do not need a visa for the Iceland expedition. Your passport or European identity card is sufficient. If you are a resident of another country, please contact Overland Travel. We will gladly assist you with the visa application if desired.

## register for the iceland expedition

---

Fill in the registration form to join the Bliss Mobil Iceland Expedition with a rental expedition truck. Send the registration form to [rental@blissmobil.com](mailto:rental@blissmobil.com) to be sure that a truck will soon be waiting for you in Iceland.

Feel free to contact us if you have any questions. You can reach us by phone (+31 (0) 578 700 277) or e-mail ([rental@blissmobil.com](mailto:rental@blissmobil.com)).

### ready for adventure

After registration you will receive an extensive preparation package with an expedition manual and several checklists to prepare for the expedition.

We will of course train you on site in the use of the Bliss Mobil expedition truck. You can also always count on our back-up and support on the road to make your adventurous off-road trip an unforgettable experience.

Enjoy and let us take care of everything! That is one of the benefits of an expedition with a rental expedition truck.
